

CFFR ADULT FOSTER CAT EVALUATION FORM

In order to help assess your adult foster cat, please answer the following questions:

1. Describe the living area your foster is contained in and if there are any spots they prefer.
2. Describe, in as much detail as you can, your foster's behavior.
3. Anything they seem to like or dislike?
4. Any aggression toward humans or other animals? If so, was there anything leading up to this behavior that your foster was responding to?
5. Is there a time of day the behavior is better or worse?
6. Are there any circumstances under which your foster will approach you willingly?
7. If you sit quietly in your foster's area, will your foster approach you? If so, how long does it take?
8. What treats, food, or toys does your foster seem to really enjoy?

Until we can schedule an in-person evaluation, please keep a daily record of your foster's behavior so we can recognize any patterns that emerge.
